LIFE NANO

Life Nano-Plastic Product (Zhangzhou) Co., Ltd

About Us

Life Nano-Plastic ProductCo.,Ltd specialize in manufacturing nano product and household supplies.

---Devote to the nano technology, lead a healthy life!

Based on the new filed of melamine sponge, the company focus on the research and development of melamine foam, and production and sales.

Life Nano has a complete production line of nano-sponges, with its own proprietary compressed technology of melamine sponge and unique product advantages, and has been awarded multiple product patents and successfully developed many innovative products.

WHY CHOOSE US

We are Factory

Professional manufacturer of Magic Sponge.
Focus on the application and solution of melamine foam.
Lifenano Mission:Dedicated to nanotechnology,lead a healthy life.

Advantage:SSSA

Stable Quality.
Strong technical support for production.
Sufficient Supply Capacity
Application Diversification

Magic Cleaning Pad is the supporting supplies of professional floor cleaning machine, It is made of super-strong cleaning compressed melamine sponge with scouring pad (polyester fiber), It is the ultimate upgrade product to replace the traditional fiber pad, the professional floor cleaning. most ideal product for floor cleaning, Creative and ideal for floor cleaning and polishing and dewaxing.

Micro abrasive: Powerful grinding, fast polish and dewax
Micro-fibre: Deep-cleaning, delicate texture, no hurt surface.
Efficient: Floor cleaning, polishing and dewaxing in once completely.

Magic Cleaning Pad adopts the compressed melamine sponge, with higher density (10 / 12 / 16 kg/m³), The texture is exquisite and hard for grinding.
The internal micro-fibers is exquisite and hard for grinding, deep into the floor surface deeply, fast remove the stains, polish, dewax, repair small scratches. The Optimal Floor Cleaning Pads.

Melamine Floor Pad

NO.: LF 01FP
Specification: 9"-20" / OEM
Application: Floor Cleaning

Specification: 9"-20" / OEM
Application: Floor Cleaning

Melamine Floor Mop

NO.: LF 01NRFP
Size: 550X350*30 mm
Application: Floor Cleaning

LF Magic foam brush is a new type of aircraft cleaning product. It is made of high-density melamine foam combined with felt fabric through special process. It has the characteristics of strong cleaning power, no chemical, saves time and effort, not hurt aircraft shell.
The super-strong adsorption force can quickly remove stubborn dirt with water only so that it can not corrode aircraft body.

Advantage

New materials:
High-tech foam brush composite raised fabric, the three-dimensional network structure form into nanotubes after wetting, have strong adsorption.

Physical Cleaning:
Only water, no detergent, automatic adsorption of aircraft surface, dust and dirt, etc., not hurt the fuselage.

Safe and Efficient:
Deep inside the micro-holes, quickly remove stubborn dirt, fine material, suitable for aircraft curved surface, no scratches.

NO.: LF 0M02
Size: 250x110x22 mm / OEM
Application: Aircraft Cleaning

High Tech Foam Brush

Technology Foam / Efficient Safety

New aircraft shell cleaning brush
No damage surface, easy care
- Smog and DustsProducts
- Carbon Deposits
- Oxides

High-tech foam brush adopt high-density technology foam composite polyester fabric
1. Nano capillary: Automatically absorb the stains when moistened.
2. Magically cleaning power: Water only, clean the aircraft shell at once.
3. No detergent: No chemicals, just clean water, no harms

Applicable: aircraft fuselage smoke, dust, oil, carbon deposits, oxides,etc.

Teeth Cleaning Kit

Magic Teeth Cleaning Kit is an innovative teeth cleaning product, developed by the latest nano technology. The interior nano capillary tube, each particle much smaller than one ten thousandth of hair, fast to absorb the stains from teeth surface. It's especially used to removed the stubborn teeth stains and plaque caused by smoking, coffee, iced tea, areca-nut and other food colourings.

NO Teeth Stains Again

The product made of PP handle and white melamine sponge strip. The work part is white melamine sponge strip.
It works based on pure physical absorption principle.

By Ultra Microfiber Technology, the melamine sponge forms into thousands of ultramicro capillaries after sponge moisturized.

Clean Teeth At Once

The ultramicro capillary come into special 3D structure and have super strong absorption capacity, they make the sponge automatically absorb stubborn teeth stains from teeth surfaces. No chemical used, No hurt enamel. Eco-friendly.

So the product clean teeth completely works by the Physical Absor ption Principle above, it doesn't hurt enamel.
This makes the Magic Teeth Cleaning Kit completely different from other teeth cleaning products on the markets.
